June 2010

Dear Neighbors,

Our next meeting will be held on **Thursday, July 15, at 6:00 pm** in the Mountain Room at the Samarkand Retirement Community (SRC). A map showing the location of the meeting room on the SRC campus is included on the next page. Our guest speaker will be **Alison Jordan**, who is the Water Conservation Coordinator for the City of Santa Barbara. The title of her presentation is **“Save Water Now; It’s the Right Thing to Do.”** Ms. Jordan will provide an overview of the City’s water supplies and demand, a review of the current technology for water conservation for both indoor and outdoor uses, and information on water-wise landscaping, graywater systems, and online tools and resources for water conservation.

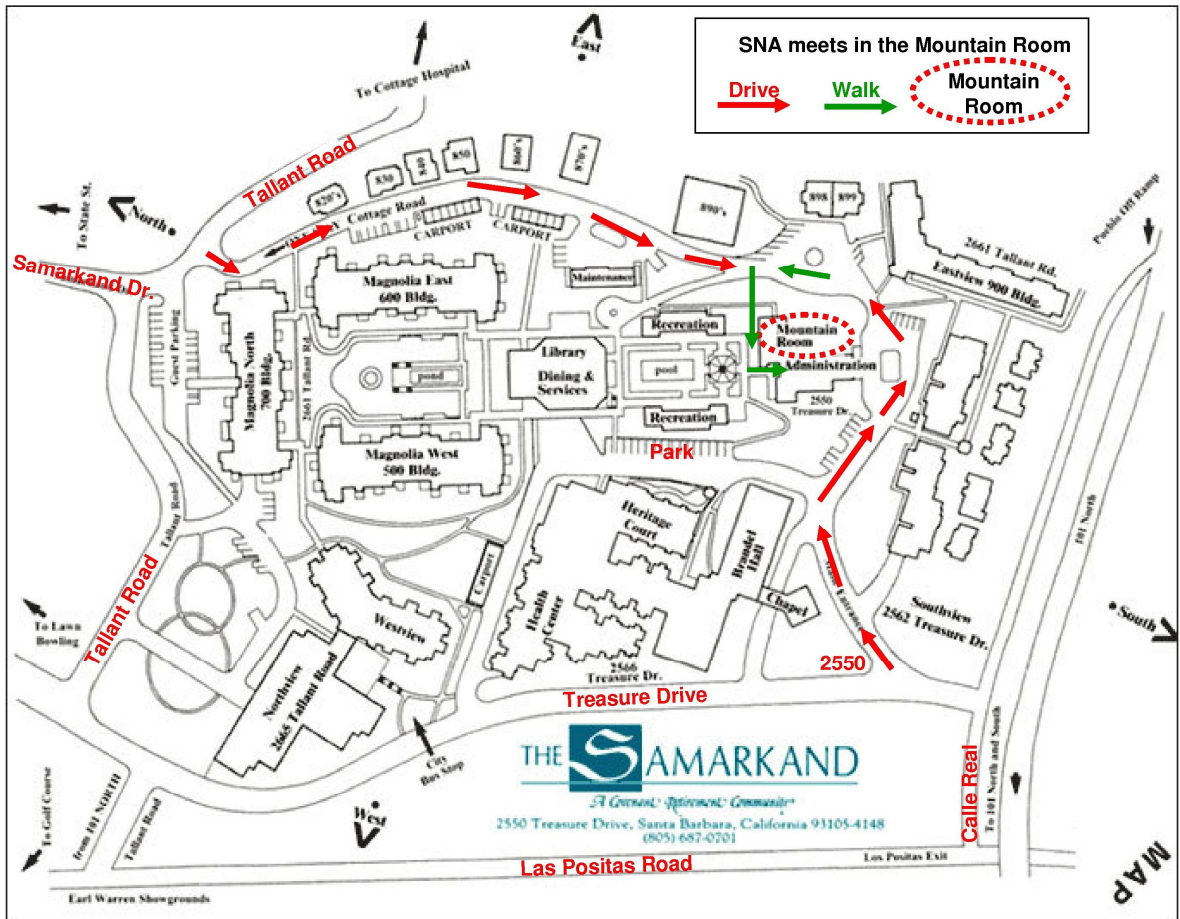

Gibraltar Reservoir is part of Santa Barbara’s water supply network.

Do you know that SNA maintains a web site for news and information of neighborhood interest. Previous SNA news letters can be found there, including the last one (May) that provides a brief synopsis of a presentation by Paul Peterson, Executive Director of the **Samarkand Retirement Community**. Mr. Peterson described plans for a new, small building near the center of their campus and changes to the landscaping of the campus. Soon you should be able to find news of the **Samarkand Garden Exchange** group posted on our web site. The URL for the SNA website is printed at the top right of this news letter.

**Invite Your Neighbors.** Our meetings are open to anyone concerned about our neighborhood and community. Please feel free to invite your neighbors to hear our speakers.
